This is a very exciting car show to kick off the 2018 season.

*Rallye For Pancreatic Cancer*, was created to bring awareness for one of the deadliest cancers that has no early detection and diagnosis. Proceeds are to further support a landmark, three-year pancreatic cancer research study at WCHN being led by Richard C. Frank, MD, a hematologist/oncologist and the Director of Clinical Cancer Research at Norwalk Hospital's Whittingham Cancer Center and the WCHN Biomedical Research Institute in Danbury.

Come show off your car or become a sponsor to help Pancreatic Cancer Research.
