Come see a collection of unique automobiles.
This is a very exciting car show to kick off the 2019 season.

Rallye For Pancreatic Cancer was created to bring awareness for one of the deadliest cancers that has no early detection and diagnosis. Proceeds are to further support a landmark, three-year pancreatic cancer research study at WCHN being led by Richard C. Frank, MD, a hematologist/oncologist and the Director of Clinical Cancer Research at Norwalk Hospital's Whittingham Cancer Center and the Rudy L. Ruggles Biomedical Research Institute in Danbury.

Come show off your car or become a sponsor to help Pancreatic Cancer Research.
