Great location for this very exciting car show for the 2024 season.

Rallye For Pancreatic Cancer was created to bring awareness for one of the deadliest cancers that has no early detection and diagnosis. Proceeds are to further support a landmark pancreatic cancer research study for early detection being led by Richard C. Frank, MD, a hematologist/oncologist and the Director of Clinical Cancer Research at Norwalk Hospital's Whittingham Cancer Center and the Rudy L. Ruggles Biomedical Research Institute in Danbury.

Come show off your car or become a sponsor to help Pancreatic Cancer Research.
